VNA Health Care (VNA) is pleased to welcome a new Family Nurse Practitioner to their dedicated team of Providers which will now have a mother and daughter within its ranks.

Jordan Shanahan FNP-BC is delighted to be accepting new patients by appointment or walk-in. "It is exciting to work for the same organization as my mother! As a Family Practice Provider, I really enjoy caring for my patients and their whole family and what better place to serve the community than VNA," said Ms. Shanahan.

"I am not sure whether I inspired her or she inspired me!" said her mother, Susan Stefanski who is also a VNA Provider. "We are both dedicated to serving our patients and I know that the children and adults in her care will be in great hands!"

Jordan Shanahan FNP-BC is an Advanced Practice Nurse and Board Certified Family Nurse Practitioner with the American Academy of Nurse Practitioners.

VNA Health Care operates 14 clinics in suburban Chicago and serves over 72,000 people a year. VNA is nationally ranked as a top performing health center as a result of patient outcomes such as prenatal care, adolescent weight screening and counseling, vascular disease treatment, blood pressure control, healthy birth weights, and asthma care. VNA's combination of convenience (by appointment or walk-in), patient-centered technology and expert care delivered with respect and compassion have led to these results. VNA is accredited by The Joint Commission. # # #
