

Healthy Kids = Bright Futures (FY2020 Campaign)

VNA Health Care is a not-for-profit 501(c)(3) serving the greater metropolitan Chicago region and dedicated to the delivery of comprehensive primary care and preventive health services to over 72,000 individuals with little or no insurance in over 210,000 patient visits.

Just last year, VNA celebrated its 100th Anniversary and what better way to start this new century of service than by dedicating our FY2020 fundraising campaign to supporting care of our communities' most important asset - our children.

**VNA is trusted with serving over 26,000 children and we believe that
Healthy Kids = Bright Futures.**

This campaign will help VNA deliver healthcare services to some of our communities' most vulnerable children. This care includes comprehensive pediatric primary care services including well-child visits with vaccinations, dental, vision, mental and behavioral health, and programming that strengthens families such as home visitation, nutrition education and case management.

VNA would like to share the following sponsorship opportunities with you and hope that you will consider supporting this important campaign.
