

VNA Health Care

GROWING *for* TOMORROW

104 YEAR HISTORY 20th Anniversary as a Community Health Center

2022
ANNUAL REPORT

GROWING FOR TOMORROW

OUR MISSION:

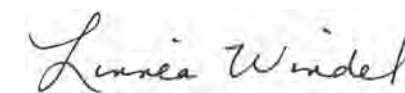

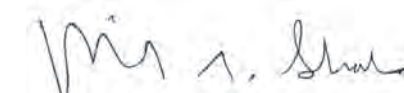

VNA Health Care is a humanitarian, not-for-profit organization that provides comprehensive primary care and community health services for people living in suburban Chicago and beyond. VNA strives to improve health equity and reduce health disparities with high quality, accessible, and compassionate care delivered in VNA health centers, community settings and patient homes.

This year we celebrated VNA's 20th anniversary as a Community Health Center (CHC). Twenty years ago we converted our preventive primary care clinics (which had been operating since 1918) into comprehensive, patient-centered primary care and applied for designation and funding from the Health Resources and Services Administration (HRSA). With recognition and the HRSA grant award in 2002, VNA began service as a CHC and served 6,000 individuals in the first year. This year, VNA will serve 75,000 people of all ages in health centers, homes, and community settings. In the space of 20 years, VNA has grown to support more people who reside in suburban Chicago than any other Community Health Center.

VNA's team of family practice physicians, pediatricians, obstetricians, psychiatrists, nurses, nurse practitioners, social workers, pharmacists, nutritionists, dentists, optometrists, podiatrists, mammography staff, and others have cared for well over 500,000 individuals of all ages over these 20 years. And yet, there is much to do. Over 750,000 lower-income individuals reside in VNA's service area, sometimes with limited options for health care and many with complex health conditions that require coordinated care.

With a central mission to improve access to care and decrease health disparities, VNA aims to serve 100,000 individuals per year in the coming years. We will expand certain existing clinics and add new locations to support this growth. As always, we strive to provide high-quality, convenient, low-cost services that result in an excellent experience for each patient. Accordingly, we pledge our continued commitment to these pillars of practice in our approach to the delivery of care.

We look with excitement to our plans laid before us and the opportunity to serve more people in communities across suburban Chicago. Many thanks for your support as we have expanded over these past years and for supporting us as we move forward, growing for tomorrow.

Linnea Windel, MSN, RN, FAAN
President & CEO

Mike Shales, CPA
Chairman

VNA Increases Access to Care and Improves Health Equity

COMMUNITY HEALTH PROGRAMS FOR FAMILIES

- ▶ WIC Caseload **4,200+**
- ▶ Family Case Management Caseload **1,500+**
- ▶ Healthy Families' Home Visits **2,100+**

VNA BENEFITS ASSISTANCE

- ▶ Percentage of Uninsured Patients: **28.88%**
- ▶ Medicaid and SNAP applications completed: **4,800+**
- ▶ Other Benefits Inquiries: **1,600+**

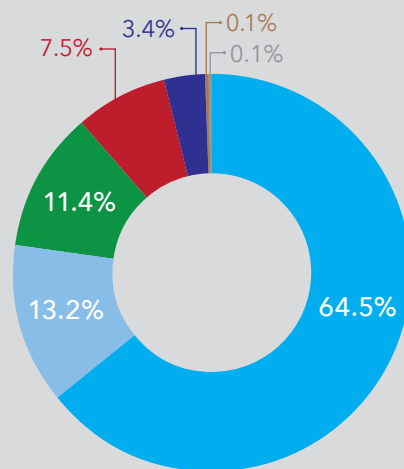

- ▶ Home Health Nurses deliver baskets of fresh fruit and vegetables to patients every week in the summer.

Viridiana Hernandez, MS, RDN, LDN, led a painting class with participants of Take a Break with VNA, a new program for older adults to reduce social isolation and to provide healthcare resources.

VNA offers a wide array of free classes and educational activities to patients and the community. Classes cover topics such as breastfeeding, financial wellness, nutrition, parenting, and prenatal health. The Walk with a Doc and Take a Break With VNA programs combine a light-hearted atmosphere with health care guidance from VNA health professionals.

- ▶ Health Center Patients Served **70,000+**
- ▶ Health Center Patient Visits **189,000+**
- ▶ HouseCalls Visits **1,100+**
- ▶ COVID-19 Tests to Date **65,000+**
- ▶ COVID-19 Vaccinations Administered to Date **100,000+**
- ▶ Pharmacy Prescriptions Filled **36,300+**

93% of VNA Patients ranked their care **Good or Excellent**

VNA has been recognized by the Health Resources & Service Administration (HRSA) for increasing access to enabling services based on social risk factors impacting patient health.

HRSA also awarded VNA the badge for Advancing Health Information Technology (HIT) for Quality as VNA has optimized HIT services that advance telehealth, patient engagement, interoperability, and collection of social determinants of health data to increase access to care and advance quality of care.

Joliet Groundbreaking

▶ On June 21st, VNA was joined by community leaders for the groundbreaking of its newest health center located at 1501 West Jefferson Street in Joliet. The clinic will open in the summer of 2023.

Bensenville Opening

The Bensenville Chamber of Commerce hosted a ribbon cutting ceremony for VNA's newly relocated health center in Bensenville. City officials and local community leaders joined VNA staff to unveil the expanded clinic.

An Award-Winning Team

VNA Health Care received the Non-Profit Award from the Elgin Area Chamber of Commerce for its work providing COVID services in the community as well as a Partner of the Year award from Elgin U-46 School District for providing COVID-19 vaccination services. The VNA Health Care team has also received multiple awards for their exceptional service to the community including the Will County MAPP Heart Award and the Illinois House of Representative Certificate of Appreciation from Representative Stephanie Kifowit for VNA's role in organizing clinics to administer COVID-19 vaccines, boosters, and annual flu shots.

Caring for a Growing Community

access to care for those who would otherwise have difficulty obtaining health services. VNA received a request from the DuPage County Health Department (DCHD) and DuPage Health Coalition (DHC) to provide care for Venezuelan immigrants transported to the area from Texas. VNA collaborated with DCHD, DHC and the

VNA's mission is to serve all people with a focus on improving

Illinois Department of Human Services to provide initial care using VNA's mobile health care van with follow-up appointments at VNA clinics. The Tri-Town YMCA provided transportation for families to get to and from clinic visits. With the arrival of these newest members of our community, VNA builds on its aim to eliminate inequities in health care by serving everyone in need.

Outdoor Wellness Services

In partnership with Fox Valley Park District, VNA helped improve the Wilbert Walters Park with exercise equipment and signage with healthy lifestyle suggestions spread throughout the newly revamped park. This will allow VNA to incorporate more outdoor activities into our free wellness services, including Walk With a Doc.

20th Anniversary Celebration as a Community Health Center

In 20 years, VNA has grown from serving 6,000 patients to an anticipated 75,000 patients this year. Linnea Windel, President & CEO, of VNA, spoke to local community leaders about continued plans to grow in the coming years.

VNA Improves its Digital Footprint

In 2022, VNA launched its new website which provides patients with expanded information and resources regarding VNA services in a more user-friendly format. VNA also began producing a new digital short series called

VNA Today. The bilingual show provides timely patient health education and can be viewed on VNA's website, on social media and in VNA waiting rooms.

20th Anniversary as a Community Health Center

For over ONE HUNDRED years...

Before there was an industry called health care...

Before there was Medicare, Health Insurance or Third Party Payers...

Before there were hospitals in many communities

...There was **VNA, bringing health care wherever it was needed.**

Founded in 1918, VNA celebrates its 20th Anniversary as a Community Health Center and anticipates serving 75,000 individuals this year in 16 locations across suburban Chicago.

2002
VNA designated as a Community Health Center

GROWING *for* TOMORROW

104 YEAR HISTORY 20th Anniversary as a Community Health Center

"Remember to celebrate milestones as you prepare for the road ahead."
—Nelson Mandela

Over the past 20 years, much has been accomplished. And yet, until every one of our neighbors has access to health care that meets their needs, VNA will continue to work to address those needs—just as it has for over one hundred years. This is why we will be Growing for Tomorrow, increasing the depth and breadth of services VNA offers in order to provide care for 100,000 patients a year.

Our bold vision includes plans for:

- Transition of VNA's Electronic Medical Record to EPIC and a new patient portal, MyChart
- Opening of a drive-through pharmacy at our Elgin Health Center on Villa Street
- Increased obstetric and pediatric services for families with the expansion of VNA's Health Center at Indian Avenue in Aurora to include more exam rooms and enhanced services
- Opening of a new VNA Health Center in Joliet
- Expansion of the VNA Career Pathway Program in partnership with the Edward-Elmhurst Health Community Investment Fund and the Aurora Women's Empowerment Foundation in order to advance education and deepen the meaning of the future career experience

- Expansion of VNA Wellness Services including classes and programs like Walk With a Doc
- Improvements at the VNA Health Center campus on Highland Avenue to accommodate health center access for growing volumes of pedestrians and vehicles
- Expansion of care for older adults including all-inclusive medical services and social assistance to support seniors living independently in communities across the VNA service area
- Expansion of mental and behavioral health services including additional substance use disorder services
